# 8-Core Multiple Color Temperatures MCT UHE LEDs

## Unmatched Performance

The TIP3 is equipped with two quad-core MCT UHE LEDs featuring both multiple color temperatures and high luminous efficiency. It delivers three high-performance color temperatures: 3,000K, 4,500K, and 6,500K, creating an innovative lighting experience with free color temperature switching.

\*UHE, short for Ultra High Efficiency, is specially designed by NiteLab (under SYSMAX, alongside NITECORE) for high-performance gear. It delivers enhanced efficiency per watt, offering a brighter, more energy-efficient and long-lasting lighting experience.

## Lighting System With Multiple Color Temperatures in All Primary Lights

(Utility Model Patent No. CN202323108231.8)  
(EU & US Patent Pending)

### Two LEDs Both with Three Color Temperatures

**3000K Warm Light**  
Excellent Penetrating Ability

Meeting the needs of walking in rainy or foggy days,  
escaping from fire and so on

**4500K Neutral White Light**  
Everyday Practicality

Suitable for various daily activities like walking a dog,  
reading and emergency lighting

**6500K Cool White Light**  
Striking & Refreshing

Ideal for nighttime walking and more

# Extended Runtime, Worry-Free Lighting

Thanks to the MCT UHE LEDs featuring three color temperatures and high luminous efficiency, paired with a larger 650mAh built-in battery, the TIP3 achieves a major breakthrough in runtime.

220-lumen HIGH Level

**105** Minutes

MAX Runtime

**160** Hours

\*The above data is based on the comparison with the TIP SE.

# 720 Lumens

Up to 92 meters of beam distance – light your way effortlessly

# 30g (1.06 oz)

## Ultra Lightweight

\* Dimensions: 62mm x 26mm x 15mm / 2.44" x 1.02" x 0.59"

Compact, portable, and effortless to carry

\* Weight excludes accessories.

# USB-C Rechargeable

Intelligent charging protection  
for safe, reliable use

## USB-C Protection Cover

Effectively resists  
water, dust and impacts

# Uninterrupted Illumination

Supporting using while charging for  
worry-free outdoor lighting

\*Optional

The NITECORE USB-C flexible charging stand is recommended as  
an accessory to turn the TIP3 into a tiny night light or table lamp.

# Clip & Go

Featuring a rugged, stylish design, it comes with a detachable clip and a key clasp for flexible carry options.

# Safe to Carry

## Electronic Lockout

### Semi Lockout Mode

(Red lockout indicator flashes once):

Effectively preventing accidental activation and satisfying emergent lighting needs with access to the TURBO level.

### Full Lockout Mode

(Red lockout indicator flashes twice):

Both buttons are locked, ensuring safer carrying or storage.

## Mechanical Lockout

Install the clip on the front to cover the two buttons, effectively preventing accidental activation.

Metal Ring Pull

Withstands up to **30kg** (66 lbs)

\*Data from NITECORE Lab for reference only.

## Fearless in the Rain 2m Impact Resistance

With an IP54 waterproof and dustproof rating, it's crafted from high-strength aluminum alloy with HA III military grade hard-anodized finish – built to last.

	IP54				

Note: The stated data is measured by using the built-in LI-ion battery (650mAh), in accordance with the international flashlight testing standards ANSI/PLATO FL 1-2019, at an ambient temperature of 26° C (79° F) from the NITECORE Lab. The data may vary in real world use due to different environmental conditions.

\* The data is tested without the temperature regulation.
